

Mission Team 'Help for People in Need'

Reports from locations of affliction and hardship

Number 2/2008 | Volume 14

Dear Reader!

Almost every day shaking and mournful news from all over the world are reaching us. If we look at ourselves and the circumstances we live in we have nothing to complain and have to thank God that he blessed our lives like that.

But how we handle the good things that God gave us? The bible tells us to be aware and look after our lives as is said in *Ephesians 5, 15-17*: "Look therefore carefully how you walk, not as unwise, but as wise, redeeming the time, because the days are evil. Therefore do not be foolish, but understand what the will of the Lord is."

This is our life-task, which is to be seized every day anew. We want you to have

enough courage and power to arrange your life agreeable to God.

Before the start of this year's summer camp the children in Moldavia daily asked if there would be a summer camp this year and told us to write them on the list of participants. As many of our frequent readers know we offer this camp once a year to make the word of God accessible to the children and show them how to use it in everyday life. The feedback was always very positive. Most of the children participate again and many of them are sad when they are too old to take part another time.

As every year the summer camp takes place in co-operation with the municipality. Even though it is a hard challenge for

the field workers the positive impact on the street kids is encouraging to keep on. The summer camp is one of the main components of our program in Moldavia.

We still need some sponsorship for this year's summer camp.

May God bless you for your helpfulness.

With best blessings.

Yours sincerely

KALOS-Team

(Peter Schott, Management)

*The Project "Warm Meal".
After the meal the street kids take the remaining soup back home.*

En route in your mission.

■ The project “Warm Meal”

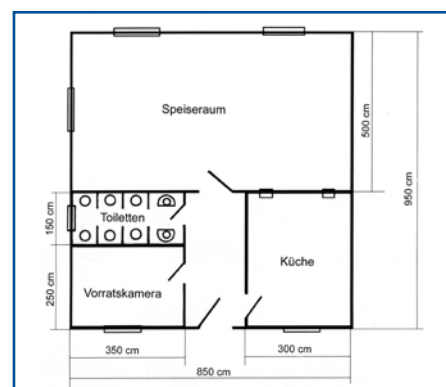

The project is mainly frequented by street kids and deprived families. There’s a distinct increase since last year’s bad harvest. Most of the kids even bring a pot to take the remaining soup back home. A few years ago it was unimaginable but now it’s the normal course of life.

We ask you – dear reader – to help us to supply the kids with things they essentially need. We want to avoid, that the kids become delinquent and start stealing because they are starving.

The members of the staff ask for your encouragement and sponsorship to continue with their work. They have already achieved a good basis in an evangelistical sense but they need your help to carry on.

We could achieve a lot if we could only offer a place for encounters

In Bendery exists no parish hall yet. So we decided to establish a new kitchen for our project “Warm Meal” and use it as a place for encounters at the same time. But we need your help to finance the project. Please pray for the blessing of the work which needs to be done. Your help will form the future of many kids and families in Moldavia. The kids are offering a great big “thanks” as well. In case of a bank transfer please specify it with the keyword “Warm Meal”.

The intended place for encounters in Bendery.

Grigoriopol

Since a couple of years exists a close collaboration between the municipality in Grigoriopol and the Team of KALOS. We’re aiming at the same goals, arrang-

ing evangelistical activities, realising different projects like the project “Warm Meal”, organising summer camps, prayer groups and much, much more.

Challenges are increasing. Christians from America built a parish hall some years ago. To have enough heated rooms for the children’s service we organised the extension of the rooms.

Many parishioners and visitors come from distant villages. But for many of them it’s a problem of transportation to visit the community service or the prayer groups. The project “Warm Meal” needs transportation possibilities as well. Many years ago one donator gave us a van to secure transportation. Now, that several years and several kilometers (about 500,000) have passed, the van had to be replaced by a newer one. The community is very grateful for that.

If you want to support the purchase of the van please specify your bank transfer with the keyword “Van”.

Future shaping projects.

■ The project “Summer Camp”

At last it's summer, holiday and most of all – school vacation for the kids of Moldavia. But it's not like in Germany where they have school holiday only for six weeks. In Moldavia summer holiday is for three months, from June till September. All over the world kids have many wishes. Thanks to our trusty donators it was possible for us to offer the summer camp for many many years. We always tried to arrange it as diversified and meaningful as possible. Many families can't barely afford daily supply so they can't afford cost for the summer camp as well. But nevertheless we want to offer these kids the opportunity to take part in an attractive christian summer camp. But we can only obtain this with your help. Especially regarding to the increased prices for food since last year's dry season. We consider every prayer and every contribution as a miracle sent by God. If you want to support the project please specify your bank transfer with the key-word “Summer Camp”.

If you have any further questions don't hesitate to contact us.

■ The project “Street Kids”

The term “Street Kids” refers to the kids of Moldavia which had no good start in life. To find the culprit doesn't make it easier for them.

So we regard it as our task to fill their life's with pleasing things and help them to improve their living circumstances. So we try to enable the kids to take part at a summer camp as well. Please help us to bear the costs for these kids.

■ The project “Easter-Package”

Do you want to give a present to a family in Moldavia and make them beam with joy so that their smiles are brighter than the sun? Many of our readers did so and it was a great pleasure for us to deliver the food-packages on their behalf. A great big “thanks” from the people who received them!

■ Seminars for the field workers

The field workers in Moldavia are confronted with many different problems. To know how to cope with these problems is not always that easy. The Team of KALOS decided to support the field workers by offering them seminars in spiritual and social fields like hands-on seminars for preachers, married-couples and childcare. Many of them have attended these seminars and realise what they were told in their everyday life. We are grateful for every prayer that supports the work of our field workers.

Who wants to help people in need in Moldavia and fill their lives with joy?

Would you like to sponsor a child or an adult for just about 44 Dollars a month?

Thanks to your help their living circumstances can be improved and ensured.

To help the poor and needy people it's not necessary to be rich but to have a merciful heart. In Luke 6, 36 Jesus says: „*Be full of compassion, even as your Father also is full of compassion.*“

Yes I'd/we'd like to sponsor a child/adult in Moldavia.

Name _____

Street _____

ZIP/City/Country _____

Please fill in the coupon and send it to:

KALOS Missionsteam HfN e.V., Deutzer-Hof-Str. 25, 53721 Siegburg, Germany

We will inform you how it is going to continue.

Current News

We need:

- Support for the project “Pascha”
- Funds for the summer camp
- Support for the project “Warm Meal”
- Funds for the new van in Grigoriopol
- Christian literature for local missionary service
- Prayers which foster our local service
- Funds for our work with the street kids

We thank God for:

- Support through prayer and donations
- The opportunity to offer a christian summer camp to the kids
- New and growing communities and prayer groups
- Evangelical services
- Support for the project “Easter-Packages”
- Funds for the project “Pascha”

It's never too late to please a child.

■ Thank-you letter from Pascha

My dear Donators,

my five children and me, Pascha Armasar, would like to thank you for your helpfulness.

We obtained food and other essential goods. Not very long ago I was desperate because of not having enough food for my children and for not having money to heat our place in the winter. So I prayed to God for help and I had not to wait for a long time.

It's not easy for us to share only two sofas for sleeping. My youngest child suffers from vitamin deficiency. We are longing for a house with a couple of more rooms and a proper gas heating.

Yours sincerely
Pascha and kids

Pascha and her family left a very good impression on our field workers. Even though they are very poor, Pascha tries to keep the children and the place as clean as possible.

There was not much to see at her place – just one room and a corridor which is

used as a bedroom during night-time. They have a small chicken house, a small backyard and some vine.

When it's raining all of the rainwater flows on their yard, because they are the last house in the street and there's no good sewer system. There's no doubt that this place is not worth any investment. The house would probably collapse if you would just try to hammer a nail in the wall. There's no other way than purchasing another house. In the name of Pascha and KALOS we would like to ask you for help to realize this project.

This is a place that we would want for Pascha and her family.

Children in focus

Children write:

“Thanks for giving me a place to go, where someone is waiting for me and understands me. Thanks that you help me with the available funds. I am very grateful for your help.” Tzaban L.

“Thanks for the proven help. I can come to the parish hall for a warm meal every day. We even went to the zoo with the other kids. That was the first time in my life that I was in a zoo! We eat, play, paint and read the bible. The surname of our cook is aunt Mascha. Thanks for everything!” Julia W.
